

University of Florida
Department of Pediatrics – Infectious Disease

Presents

**25th Annual Infectious Diseases and HIV Conference of Northeast Florida:
Cultivating HIV Care – 25 Years in the Making**

Presented by:

University of Florida Center for HIV/AIDS Research, Education and Service (UF CARES)

September 17, 2021 | 8 AM – 5 PM

Virtual

www.ufhealthjax.org/HIVcare

LEARNING OBJECTIVES:

Upon completion of this activity, participants should be able to:

1. Describe how HIV/AIDS care has evolved over the past 25 years
2. Describe innovative telehealth models for HIV care and prevention, and strategies to overcome implementation challenges
3. Discuss approaches that assist healthcare professionals to maintain their cultural proficiency, recognize, and eliminate stigma, in order to reduce health disparities:
 - a. Identify indicators of abuse in people living with HIV and conduct basic screening for domestic violence
 - b. Describe how discriminatory healthcare practices contribute to LGBT health disparities
 - c. Explain the role of PrEP in Ending the HIV epidemic and list some of the locally approved activities and strategies that align with Florida Ending the HIV Epidemic Plan for a ‘Unified Approach’

Disclosure
